## Red Label Series Passive LCR Speaker

LCR1

SKU: 78985    UPC: 81993201279

Introducing the Elura LCR1 Red Label Series Passive LCR Speaker, designed to deliver exceptional audio performance and clarity in home theater and audio setups. This speaker is specially crafted to serve as a dedicated Left, Center, or Right (LCR) channel speaker, ensuring accurate sound reproduction and enhancing your audio experience.

The Elura LCR1 features a high-quality driver configuration, including a combination of woofers and tweeters, meticulously engineered to deliver a balanced and immersive soundstage. With its precise audio dispersion and wide frequency response, this speaker reproduces vocals, dialogue, and sound effects with exceptional clarity and detail.

Designed with versatility in mind, the LCR1 can be positioned horizontally or vertically to suit your installation needs. Whether you want to mount it below your television screen, on a shelf, or integrate it into a custom home theater setup, this speaker offers flexible placement options without compromising audio performance.

Elura Red Label is the speaker line that pioneered the quest for a no-nonsense, uncompromised sound, combined with the best aesthetics. Our design team compared the sonic and spectral signature of numerous architectural speakers in the industry, identified their deficiencies, and designed a new platform that ensures the Red Label series provides listeners with a stunning, audible experience.
