

ILLUMIVUE™ BY MSTR

4MP IP Bullet Camera with NightColor

IP4B-NC

SKU: 174210    UPC: 81993201287

Introducing the Illumivue IP4B-NC 4MP IP Bullet Camera with NightColor, a cutting-edge surveillance solution that revolutionizes the way you capture and monitor your surroundings, day or night. With advanced features and exceptional image quality, this camera sets a new standard for security systems. The IP4B-NC delivers stunningly clear and detailed images with incredible precision. Whether you're monitoring your home, office, or any other environment, this camera ensures that no detail goes unnoticed.

What sets the IP4B-NC apart is its NightColor technology, designed to provide vibrant and accurate colors even in low-light conditions. Say goodbye to the typical grayscale night vision images; NightColor allows you to see the world as it truly is, preserving the integrity of colors in every frame. This groundbreaking technology enhances your surveillance capabilities, enabling you to easily identify objects and individuals in the dark.

The IP4B-NC is built with a durable and weather-resistant bullet design, making it suitable for both indoor and outdoor installations. Its robust construction ensures reliable performance in various environmental conditions, allowing you to deploy it with confidence in any setting.

With advanced motion detection and intelligent alerts, this camera keeps you informed of any suspicious activity. Receive real-time notifications directly to your smartphone or computer, enabling you to take immediate action when necessary. Additionally, the camera supports remote viewing, granting you access to live or recorded footage from anywhere in the world via a user-friendly mobile app or web browser interface.

#### Features

- 4MP IP Bullet Camera
- 2.8mm @ F1.6 Lens
- 101.1° Horizontal field of view
- 120DB True WDR - Wide Dynamic Range for scenes with high-contrast lighting
- NightColor - Delivers color and improved brightness in ultra-low light scenarios
- Extra Low Light - 0.003 Lux
- 164ft (50m) Smart IR Distance
- Smart Analytics - Supports line cross, intrusion detection (based on human body detection), motion, tampering & audio detection
- Corridor Mode - helps to effectively reduce invalid monitoring regions and shows more details
- Built-In MIC
- Supports 256Gb Micro SD card
- Cloud Software Updates
- 835ft PoE Connection Range
- IP67 protection (Indoor/Outdoor)
- Onvif Support (Profile S, Profile G, Profile T)
